2011 – 2018

COURSES SUMMARY

During this time, I took various courses that covered a wide range of topics, from Graphic Design using tools like Photoshop, Illustrator, and Corel Draw Flash, to foundational technologies for my career. In web development, I learned HTML5, CSS3, **Angular** 2..5, Angular Universal, **Unit Testing with Angular** 4, Angular JS, **Javascript**, **TypeScript**, **Symfony** 3, **Express**, **NodeJS** & **MongoDB**.

I also explored mobile development with technologies like **Apache Cordova & Ionic 2**. I gained insights into infrastructure, databases, and networking through courses like OCA DBA - Managing Oracle 12c Databases and REDES CISCO CCNA Modules 1 & 2.
